File No. of 191

In consequence of the increase in the amount of the loan recommended, viz from Rs 12,000 to Rs 15,000, the draft has been slightly revised, and subd. The alterations have been indicated in pencil.

9.3.16 The Registrar says that the Co-operative Society has applied for a loan of 15000 Rs. The Secretary of Industries & Commerce says that 12000 Rs are required. Before sanctioning the loan, I think it necessary to intimate to the Registrar the views of the Director & to obtain the formal assent of the Society for the loan of Rs 15000. Otherwise the Govt will have to sanction (technically) 3000 Rs more than what the Society has applied for.

Enquire

1st Number

Revenue

17/3/08

Before knowing whether the scheme is sound, I should like to have more information as there is no info[n] from the Revenue file — as to whether 100 acres fit for sugarcane are conveniently available, and whether [enough] of labour are likely

(In the case of the Collector's report)

[illegible]

The plans have been seen & checked by the Dy Conservator of Forests & have also discussed the matter with the Dy Commr - the site is one of the best for a crushing installation

to engage them elsewhere on this work. I suppose it would need a proper crushing plant also. If it may be presumed that all these matters have been already considered sufficiently by the Committee & the Officers recommending the loan, it may be sanctioned.

Submitted to His Highness.

The Industries and Commerce Committee have recommended the grant of a loan of Rs.15,000/- to the Kannaikanhalli Co-operative Lift Irrigation Society Unlimited, Belur Taluk to instal an engine and pump on the Yagachi river for -- cultivating about 100 acres of land with sugarcane.

2. The society have applied for a loan of Rs.12,000/- and the Registrar of Co-operative Societies has also -- recommended it, but as owing to the rise in price of -- machinery, there is a possibility of the original estimate being exceeded, the Director has applied for a larger amou[illegible] to cover fluctuations in price. The extra amount will not be disbursed unless it is absolutely necessary.

3. The Financial Secretary states that as the financial result of the scheme is that 100 acres of land which now grow a precarious paddy crop will grow sugarcane with --- assured irrigation, with an increased production of crops valued at least Rs.15,000/- per annum, the loan may be sanctioned.

4. The First Member states that there is no objection to the grant of the loan if it has been satisfactorily -- ascertained that there are 100 acres fit for sugarcane conveniently available and a sufficient number of raiyats likely to engage themselves in the work. The Secretary to Government in the Departments of Education and Agriculture states that a number of officers have satisfied themselves on the point. The lands are at present irrigated

irrigated by a tank which dries up and it is proposed to pump water from the Yagachi river flowing near the lands.

5. The draft order sanctioning the loan may be approved.

Dated, Bangalore, 22nd February 191[illegible].

From

M. A. NARAYAN AYANGAR, Esq., B.A., B.L.,
Registrar of Co-operative Societies in Mysore,
BANGALORE.

To

P. J. D'Souza, Esq., B.A. B.L.,

SECRETARY TO THE GOVERNMENT
OF HIS HIGHNESS THE MAHARAJA OF MYSORE,
Departments of Education and Agriculture,
BANGALORE.

SIR,

I have the honor to forward herewith an application for a loan of Rs.12,000 from the Kanmaikanhalli Co-operative Lift Irrigation Society, Unltd., Belur Taluk, and to state as follows:-

This society was recently started with a view to lift water from the Yagachi river and thus provide an adequate supply of water to the wet lands cultivated by the inhabitant of the Kanmaikanhalli village. These lands are just now - irrigated by a tank which often dries up and thus interferes greatly with the profitable cultivation of the lands.

The society has 39 members who have taken up 420 share of Rs.50 each, thus making themselves liable to the extent of Rs.21,000. They also own lands valued at about Rs.21,000/-. The loan is sought on the security of the shares and the - landed properties referred to above. Further the machinery which will be purchased out of the loan will also be - hypothicated for the loan.

Under these circumstances, I recommend the grant of

the loan subject to its repayment in seven annual instalments of not less than Rs.1,714-4-7.

I have the honor to be,

Sir,

Your most obedient servant,

R E G I S T R A R.

MYSORE ECONOMIC CONFERENCE.

No. 2197 E. C. Encs. 3 *Dated Bangalore,* [illegible] *191*

3387.

FROM P. G. D'Souza, Esq., B.A., B.L.,
~~[illegible]~~
Secretary to the Mysore Economic Conference,
Bangalore.

To

P. G. D'Souza, Esq., B.A., B.L.,

Officiating Secretary to Government,

Departments of Education and Agriculture.

SIR,

I have the honour to forward herewith for orders of Government copy of letter No.2009 dated the 1st March 1916, with its enclosures, from the Secretary, Industries and Commerce Committee, forwarding copy of resolution passed by the Committee at its meeting held on the 26th February 1916, recommending the grant of a loan of Rs. 15,000/- to the Kannaikanhalli Co-operative Lift Irrigation Society Unlimited, Belur Taluk, to enable the Society to instal an engine and pump on the Yagachi river for cultivating about 100 acres of land with sugarcane.

I have the honour to be,

Sir,

Your most obedient servant,

[signature]

Copy of letter No.2009 dated 1st March 1916, from the Secretary, Industries and Commerce Committee to the Secretary, Economic Conference.

I have the honour to forward copy of a resolution passed by the Industries and Commerce Committee at their meeting held on the 26th February 1916, to the effect that Government be recommended to grant a loan of Rs.15,000 to the Kannaikanahalli Co-operative Lift Irrigation Society, Unlimited, Belur Taluk, to enable the Society to instal an engine and pump on the Yagachi river for cultivating about 100 acres of land with sugarcane. The project involves the installation of a 6 inch pump and a 28 B.H.P. suction gas plant together with 750 feet of 8 inch delivery main. The Registrar of Co-operative Societies who is a member of the Committee states that he has recommended the granting of the loan. Under the circumstances, the Committee are of opinion that the loan may be sanctioned by Government. The letter of the Director of Industries No.3367 dated the 28th February 1916 on the subject is enclosed.

Copy of letter No.3367 dated the 27th/28th February 1916 from the Director of Industries and Commerce in Mysore to the Secretary, Industries and Commerce Committee, Bangalore.

= = = = = =

I have the honour to give you the following particulars regarding the Kanakanahalli Lift Irrigation Co-operative Society, Unlimited of Belur Taluk which has submitted a loan application for Rs.12,000/- for the installation of an engine and pump on the Yagachi river. This matter was brought before the Industries and Commerce Committee on Saturday and the members agreed to recommend that the loan should be granted by Government. I have prepared an estimate of the probable cost of the pumping plant amounting to Rs.13,000 and you will remember that I stated to the Committee that owing to constant fluctuations in price at the present moment, it will be impossible to give an exact estimate and the Committee agreed to recommend Government to grant a loan up to, but not exceeding Rs.15,000/-. I am unable to say at what price I shall be able to place the order and I think it will be necessary to ask Government to sanction a loan of Rs.15,000/-. The projectinvolves the installation of a 6 inch pump and a 28 B. H. P. suction gas plant on the Yagachi River together with 750 feet of 8 inch delivery main. It is proposed to irrigate 100 acres of sugarcane and the scheme if carried out, should prove a profitable one.

C Ramaswamy Rao Sahib

Secretary, Industries and Commerce Committee.

Proceedings of the 44th meeting of the Industries and Commerce Committee held at the Public Office Buildings on Saturday the 26th February 1916.

X X X X

Belur Pumping Scheme:--

Mr. Chatterton explained that a Co-operative Society at Belur proposed to erect a pumping installation at a cost of Rs.15,000/- with a view to pump water ffom theYagachi river to enable the cultivation of 100 acres of land with sugarcane crop. The site had been inspected by Mr. Sitaramachar who recommended the erection of 28 H. P. Suction Gas Plant and a 6inch pump. It was proposed to carry the water to a tank at a distance of 750 feet by means of a delivery main about 8 inches in diameter. He had examined the plant submitted and was of opinion that the proposal was thoroughly feasible. He recommended that a loan of Rs.15,000/- should be sanctioned to the Co-operative Society. Mr. Narayana Iyengar ~~recommended~~ recommended that the matter was very urgent and if the loan was not sanctioned at once, the whole proposal to fall through.

Under the circumstances represented, the Committee were of opinion that Government should be recommended to sanction a aloan of - Rs.15,000/- to the Belur Co-operative Society.

SUBJECT.

2. Letter No. 2197, dated the 6th March 1946, from the Secretary, Economic Conference, forwarding copy of the Resolution received from the Secretary I & C. Committee recommending the grant of a loan of Rs 15,000 to the Society.

Order :— No.

It is reported that the Society was recently started with a view to lift water from the Yagichi river to irrigate 100 acres of lands of the village, which now depend for their supply on the inadequate supply of water from a tank. The I & C. Committee, at the instance of the Director of Industries & Commerce, recommend that a loan of Rs 15,000/- may be sanctioned to enable the Society to instal a 6 inch pump and a 28. B.H.P. Suction gas plant with 750 feet of 8 inch delivery main.

(*Continuation sheet draft form.*)

2. The Registrar of Co-operative Societies reports that the society has 39 members who have taken up 420 shares of Rs 50 each, that they own lands valued at about Rs 21,000/- and that the loan is sought on the security of these shares and the landed property as well as on the machinery to be purchased ~~from the loan~~, and he recommends that under the circumstances a loan of Rs ~~requested~~ may be sanctioned.

3. Govt are pleased to sanction a loan of Rs 15,000 to the Society in question, as suggested by the I.T.C. Committee subject to the following conditions:-

(a) that a tenth of the cost of the installation of the pumping machinery should be paid down at once by the Society;

(b) the society and its members should agree to the realization of the amounts due on account of the loan as arrears of land revenue in case of default;

(c) the loan will be secured on the properties referred to in paragraph 2 above;

(d) the loan will be repayable in seven

As owing to the rise in prices of machinery and other causes a larger amount than that recommended by the Registrar is likely to be necessary

equal annual instalments; and

(c) all other conditions incidental to a loan under the Rules of the 2nd September 1913 will, mutatis mutandis apply to this case, as far as may be.

4. The Director of Industries and Commerce is requested to furnish the Society, through the Registrar of Co-operative Societies with a correct statement of the amount spent on the installation of the machinery. The Registrar of Co-operative Societies is requested to see so good as to see that all the formalities required to make the Society responsible for the difference between the amount of the loan now sanctioned, and that originally applied for, are completed before any amount in excess of Rs 12,000 is disbursed. He is also requested to make proper arrangements for the prompt recovery of the instalments as they fall due. The amount of the loan will be made available out of the provision of one lakh of rupees made at the disposal of the Director of Industries and Commerce for the grant
